MATRIMONIAL MATTERS.

James Moore and Miss Mary Williams, each 17, were married in Knox county.

Kunizo Oya, a Japanese, eloped from Louisville with Mrs. Isabella Stephens, and was married by Justice Kelgwin in Jeffersonville.

Miss Ella Brown, of Circleville, O., attempted suicide because a paper of her town spoke of her rival as "the belle of that section."

Everett Wayman, of Piney Bluff, Ind., has deserted his wife and children because he says the Lord told him to seek purer associates.

Elder George Ringo asks us to say that the church picnic at Turnersville planned for the 4th of July has been postponed and that he will preach at McKinney next Saturday night.

Revs. W. S. Grinstead and Henry R. Mills returned yesterday from Mt. Vernon, where they preached several sermons. They tell us that the establishment of a Methodist church there is a certainty.

Robert Kelly, a soldier of Ft. Riley, Kas., returned to his home in Grayson County, Ky., to marry his sweetheart. The wedding had taken place and they were partaking of the wedding supper, when an officer from Ft. Riley appeared and Kelly was arrested on a charge of desertion.

Mrs. Kate Wheeler Morris, a noted Kentucky beauty and society woman, filed suit for divorce at Hopkinsville against her husband, the Rev. Dr. Chas. L. Morris, rector of the leading Episcopal Church in Natchez and President of a college. She alleges inhumanity and cruel treatment. She is a sister of Congressman Charles K. Wheeler.

CHURCH CHATTER.

There are 44 Sunday schools in Madison with 3,118 pupils.

The last Baptist Year Book gives the names of 165 preachers who died during 1897. Of these 22 were over 80 years of age.

Elder W. N. Briney, of Leesburg, held a most successful meeting at New Liberty, closing with 18 additions to the Christian Church.

Rev. J. B. Crouch and family have returned from Hart county, where they went in private conveyance. He will preach at the Baptist church Sunday.

Rev. Dr. McGregor, of Atlanta, one of the most powerful Baptist Ministers in the country, is conducting a meeting at the Baptist church.—Richmond Clinician.

E. B. Stahlman, for the Methodist publishing house, testified before the Senate that no money had been used to influence congressmen. But nobody will believe Brer Stahlman, we opine.

Rev. W. R. Lloyd, pastor of the Richmond Christian church, who held a meeting here about two years ago, was elected president of the Christian convention to be held next year in Shelbyville.

Ashbrook Frank and Robert G. Frank, both former students of Kentucky University, have received \$1,200 each from the will of their uncle, W. S. Frank, of Maysville, who died a short time ago.

During the nearly 10 years of Dr. P. T. Hale's pastorate, Birmingham, Ala., 1,350 persons have been received into the church, and \$68,294.99 contributed for all purposes—the last year being the best in its history.

The revival at the Presbyterian church, which has been in progress for 10 days, was to have closed last night. The visible results are five or six additions in addition to the confessions of 25 or 30 soldiers told of in another column. The membership has been greatly revived and all who have attended the services have been much benefited. Evangelist W. R. Gales, who has done the preaching, has endeared himself to every lover of the Lord, and will go hence with the prayers of all of God's people.

The Union Stock Yards Co., at Lexington, has filed its articles of incorporation. The capital stock is \$6,000, with 240 shares of a par value of \$25 per share. The incorporators are S. L. Van Meter, George H. Whitney, O. H. Chenaunt, W. J. Hanner, J. T. Veach and J. F. Cook. The first sale at the yards is not expected to take place until June 11.

The hospital supply-boat Red Cross with a \$20,000 cargo of supplies for the relief of the sick and wounded American and Cuban soldiers has left New York for Santiago. Two of the three physicians on the Red Cross are Cubans, familiar with diseases of the Cuban climate.

A regiment of 1,000 men could readily find shelter under a single banyan tree. In India there is one of these trees which has 400 main trunks and over 8,000 smaller ones.

The Government has decided to issue weekly a bulletin giving the whereabouts of the regiments of the volunteer army. The first bulletin was issued Wednesday.

LANCASTER.

Dr. McDonald, of Danville, will conduct the communion service at the Presbyterian church Sunday and also preach there in the evening.

Herndon Young, a former Lancaster boy, son of J. Roe Young, and grandson of W. G. Anderson, is at Santiago with Roosevelt's Rough Riders; Will Dunlap is also there with the 10th U. S. Cavalry.

A surprise to their many friends was the marriage of Mr. M. A. Archer and Miss Frances Underwood, which occurred in Lexington Wednesday. Mr. Archer is a prosperous young merchant of this place and his bride a popular school teacher of this county.

Mrs. Betsy Pointer, aged 63 years, who lives near Cartersville, was assaulted by a deaf and dumb Negro named Curt McFarland, while going to visit a neighbor Tuesday. She ran and screamed and succeeded in evading him. The Negro was arrested and Squire Parsons brought him before Judge Burnside, but he refused to say anything and his lawyer was unable to elicit any information from him in any way, so waived an examination and he was held to the grand jury in the sum of \$500, failing to give which he was sent to jail. The people of that locality say this is not the first attempt McFarland has made in this direction, and can sufficient evidence be obtained to convict him he should be placed in the penitentiary and cease to be a menace to the neighborhood. He is about 26 years old, fairly intelligent, writes a good hand and can use the sign language, but is as stubborn as a mule.

Mrs. Ross Burnside and son, Willie, of Barbourville, are visiting Mrs. Margaret Gill. M. D. Hughes is in Livingston organizing a Maccabee lodge. Clay Hamilton has returned from Wilmore, where he went on some errand.

W. S. Ferguson, of Covington, is here this week looking after his farm. Geo. L. Walden and wife, of Danville, are with Elder Jesse Walden this week.

Mr. and Mrs. Cornelius Stone, of Stanford, have been visiting at Mrs. George Hardin. Rev. and Mrs. H. N. Faulconer have returned from Barbourville. W. K. Shugars, of McKinney, was here this week and was accompanied home by his sister, Miss Lillian. G. H. Runyon, of Oklahoma, and Reuben Moss, of Dubuque, Ia., are visiting relatives in this county.

Dr. H. M. Grant was tendered the position of surgeon of the 4th Regiment by Gov. Bradley, but as he was sick and unable to go to Lexington to stand the examination, he was compelled to decline the appointment.

Editor Louis Landrum went to Cincinnati Thursday to attend the meeting of the Press Association and will probably accompany them on their Canadian tour. The visiting young ladies were tendered a hop Tuesday evening at the Masonic Hall by the young gentlemen, which was a delight affair. Miss Bessie Burnside entertained Monday evening in honor of her guests: Misses Webb and Brown, of Lexington; Pearl Burnside, Stanford, and Lucia McAfee, Lebanon.

HUBBLE.

The vote to move or not to move the school-house has about been taken, and stands with a majority of nine or a dozen for moving it.

On account of having to be away on the 2d Sunday in July, Bro. Gowen will fill his pulpit at the Christian church here next Sunday afternoon at 3 o'clock.

Why can't banks keep the revenue stamps, and when a check comes in stamp it and charge it to the man's account, adding the 2c extra. (Because it is against the law.—Ed.)

It is reported that one of our young men is to soon wed a promising belle of Jessamine county, but as I am not authorized to give names, I will withhold them for further developments.

James Robinson sold some 1,000 pound heifers to Lyon & Allen for \$3c. G. A. Swinebroad bought a pair of two-year-old mules for \$129. Thomas McMeon sold his horse to the Gypsies for \$30.

Rogers' family down with malarial fever. Miss Neber, who has been visiting Miss Lela Robinson, has returned to her home in Chattanooga. Drs. Montgomery and Lewis report Master Billy Jim Spoonamore, son of John Spoonamore, dangerously ill of typhoid fever.

"I have used Chamberlain's Cough Remedy in my family for years and always with good results," says Mr. W. B. Cooper, of El Rio, Cal. "For small children we find it especially effective." For sale by Craig & Hocker, druggists.

In Madrid they have to pay \$2.06 in paper money for a dollar in gold, and here bankers are offering \$1.06 in gold for each dollar's worth of the new 3 per cents.

POLITICAL POINTS.

The House adopted the conference report on the bankruptcy bill 132 to 53.

The congressional candidates are speaking in Anderson county this week.

Dingley and Boutelle, both of Maine, have been renominated for Congress by unanimous votes.

The democrats of the 2nd district have nominated H. D. Allen, of Union, to succeed Congressman Clardy.

The new prison commission will elect officers today. Capt. James Blackburn is tipped as warden of the Frankfort and Henry Smith, of Bowling Green, at Eddyville.

The Board of Election Commissioners have made a ruling that no Federal, State, municipal, county or district officer can serve as a member of the County Board.

At Somerset Monday John D. White said in a rantankerous speech that he would not be bound by the primary illegally called for Aug. 11 and will make the race at the November election, regardless of the result of the primary.

Notwithstanding the Pennsylvania State convention was dominated by friends of William J. Bryan led by Col. James M. Guffey, of Pittsburg, an effort to insert a plank reaffirming the Chicago platform was defeated. The controlling influence in the convention preferred that the platform should relate entirely to state issues.

A Frankfort dispatch says that Chas. M. Randall, of Laurel county, who has had charge of the whisky tax desk in the State Auditor's office, under the present administration, has resigned his place, and will engage in business in his home town, London. The place he resigned pays \$1,500 a year, and his successor has not been named by Auditor Stone.

The democrats of Tennessee in convention at Chattanooga nominated Hon. Benton McMillan for governor. The platform indorses the Chicago platform, and demands the free coinage of silver at the ratio of 16 to 1; opposes the increase of the public debt by the issuance of interest-bearing bonds and indorses the action of democratic representatives in Congress in voting to inaugurate the war; a vigorous prosecution of which is urged as well as a strict observance of the Monroe doctrine.

The opposition to Gov. McCreary's nomination is purely personal. It is not contended in any quarter that he is not able, conservative and safe. Messrs. Thompson and Gilbert are so busy waging war on him that they seem to have lost sight of the fact that the Democratic nominee will have a hard fight on his hands in November and that he will need the earnest support of a united Democracy. Gov. McCreary's course in this campaign has commended itself strongly to all Democrats. He pitched his campaign on a high plane, and he has kept it there, bearing himself all the while with courage and dignity. He is the only one of the candidates before the people with an experience and grasp of public measures and affairs fitting him to deal with the complicated and important questions which will be presented to the next Congress. He has always been a consistent and active Democrat. He is the strongest man in the district before the people. His illustrious record is a guarantee of what his future service will be. He deserves to be nominated, and if nominated, he will win.—Richmond Register.

CALL FOR MASS CONVENTION TO SELECT DELEGATES TO CONGRESSIONAL CONVENTION.

In obedience to the order of the executive committee, I hereby call a mass convention of the democrats of Lincoln to assemble at the court-house in Stanford at 2 P. M., standard time, Saturday, July 9th, to select delegates to a district convention to be held at Danville, July 12th, which will nominate a candidate for Congress in the 8th district. The basis of representation will be one delegate for every 100 votes and a delegate for every fraction over 50 votes for the leading democratic elector in the last National election.

The said executive committee fixed this qualification for voters: All persons who voted for the Bryan electors at the last National election, and who are qualified voters at the time of the mass conventions herein provided for are held, or will be such at the next succeeding election; all democratic youths who will be eligible to vote at such election, as well as such other persons of democratic faith who by their participation in such mass conventions herein named and who shall thereby claim themselves obligated to support the nominee of the district convention shall be entitled to participate.

J. E. CARSON, Chm'n.
E. D. KENNEDY, Secy.

Brave old Gen. Calisto Garcia is as grand in philosophy as in patriotism: "I only had mangoes for breakfast," he said when calling on Admiral Sampson, "but," he added cheerfully, "I also had mangoes for supper yesterday."

NEWS IN THE VICINAGE.

The infant daughter of Mr. and Mrs. A. L. Denny died at Danville.

John Honeycut, a Bell county farmer, was found dead in bed. Heart disease did the work. A wife and two children survive.

Frank James, brother of Jesse, will spend several days at Harrodsburg, near where three members of Quantrell's band lie buried.

Senator Lindsay has taken an active interest in Josh Stone's case, and believes there is little doubt that he will be reinstated in the 6th auditor's office.

A heavy thunder-storm passed over Somerset, At. Cook, an expressman, was caught by an electric wire and instantly killed. Two houses were struck by lightning.

The Estill county soldiers are kicking on Ethel D. Scott as first lieutenant of their company and say they will be mustered in with Green Miller as that officer or not at all.

There were 35 applicants for teachers' certificates in the last examination of whom five obtained first class, seven second class, five third class and 18 failed.—London Kentuckian.

John G. Fee, founder of Berea College, says the story that colored students will hereafter be excluded from there is false and there will never be any color line as long as he lives.

The case of Jas. Howard for the killing of Geo. W. Baker in the Howard-Baker feud, Clay county, will be called July 5, before Judge Brown at London to see if Howard shall be admitted to bail pending his trial.

Mrs. Margaret Prince, as executrix of her husband, has filed suit in the United States Circuit Court at Frankfort for \$50,000 against the directors of the Madison County Fair Association. It will be remembered that her husband was killed by the giving away of a stand on the grounds.

The Somerset Paragon, a republican of republicans, has the courage to say: "Looking over the ground, you will discover that perhaps every blind tiger in Somerset is a republican, and every one of them is a dirty henchman who has done nasty work in politics. Somebody may think it's treason to say this, but, if it is, make the most of it."

JAMES D. SHELBY.

Because of the refusal of Capt. Parke's company to accept Ethelbert D. Scott, nephew of Gov. Bradley, as first lieutenant, the Irvine Rifles have been notified by Col. Colson, commander of the Fourth Kentucky, that their services will not be needed. The people of Irvine are indignant over the matter, and roundly denounce Bradley and Colson.

Prominent Lexingtonians are pushing a movement to have a regular mobilization camp located near Lexington. A 200 acre tract of land with water works to be constructed all over it will be offered to the government free of charge.

The longest fence in the world is a wire netting fence in Australia, 1,236 miles long, its object being to keep the rabbits from the cultivated fields.

THE INTERIOR JOURNAL

STANFORD, KY., - JULY 1, 1898

W. P. WALTON.

MESSRS GILBERT AND THOMPSON went up against an almost unanimous McCreary crowd at Mt. Vernon Monday, where all three spoke. Some one said there was only one anti-McCreary man present, which may be too finely drawn, though the man from Madison is monstrous solid in Rockcastle and everywhere that genuine worth and pure democracy is appreciated. He is a democrat under any and all circumstances and when he speaks he accepts its dictates and mounts the platform. When he hoped there was a chance for international bimetalism, he stood with the party for it, but when he found that it was out of the question, he accepted in good faith the Chicago declaration for free and unlimited coinage of silver and on this point is even sounder than his opponents, who make a speciality of their free silver proclivities. In Congress he would again assume a commanding position and such a man is needed in the councils of the party as well as the nation. Lincoln county people are for the most part for the governor and we hope will emphasize the fact by coming to Stanford in large numbers July 9th and standing up for him.

It was thought Monday that the attack on Santiago would not be delayed longer than Wednesday, but owing to the lack of heavy artillery it has been postponed till next week or till the arrival of the last expedition from Tampa which carries many heavy guns. Gen. Shafter says he can take the city in 48 hours, but without the artillery the loss of life would be greatly increased. Siege guns are being placed. It seems to be the intention to take Morro Castle fort by a land attack and thus facilitate Sampson's entrance. Pando is on his way to join Linares at Santiago and Shafter cables that he was 54 miles away Wednesday.

The situation at Manila is not encouraging owing to foreign complications, which will, however, be reduced when the army lands. Camara's fleet is still at Port Said and may not go to the Philippines, but it is said that Watson's fleet will go against Spain's home ports whether it does or not.

NEARLY every newspaper mention of the congressional race in this district has something to say about the probability of the nomination of Robert Harding, of Boyle, in case of a dead lock. That would be an admirable solution of the question if it should ever reach that stage, for Mr. Harding is not only worthy, but well qualified for that or any other honor, but there will be no dead-lock. McCreary will be nominated on the second ballot. Mark the prediction.

THE Annual Outing of the Kentucky Press Association begins at Cincinnati today and includes a rail and steamer visit to Mackinac in Lake Michigan and a deader over the line into Canada. The trip will occupy a week and be a most enjoyable one. The INTERIOR JOURNAL will not be represented; alas and alack!

THE governor of Alabama proposes to declare vacant Gen. Wheeler's seat in Congress and order a special election to fill it. Will Gov. Bradley take the same view of and course toward Col. Colson's deserted post at Washington? asks the Louisville Times. He will not and it strikes us ought not.

THE Richmond Climax can live whether subscriptions are paid or not. Clarence Woods smacks his lips and exclaims: The blackberry crop promises to be a bumper this year. Every fence corner is full of bushes and every bush is loaded with fruit.

HERE is some more of that "d-n nonsense" as Southern used to say. Yale University has just conferred the honorary degree of LL. D. on President McKinley, who at present needs more stiffening to his backbone than he does honorary degrees.

SENATOR HOAR says that the new bankruptcy law will enable about 200,000 bankrupts to get on their feet again. True, and about the same number of thieving scoundrels will embrace the opportunity to escape debts they are able to pay.

ABOUT half of the legislators of last session are applicants for positions under the prison commission bill, but it was left for C. A. Wilson, member from Jessamine, to apply for a guard's place. His ambition surely runs on the sliding scale.

THE current issue of that admirably printed paper, the Breckinridge News, caps the climax of its success in that line. "Old Glory" is given in colors and in great shape while an advertisement is similarly treated.

THE London Kentuckian, announces that it is the only semi-weekly in the mountains. What's the matter with the Echo? Has Brer Dyche fallen by the wayside?

WHEN the Congressional Committee met recently in Danville it was left to Chairman J. Wilkes Morgan to examine the question and decide if county chairmen shall permanently reside at the mass conventions on July 9th. He has done so and decided that they must so reside. This will save much time and confusion and very much simplify matters.

THE Cream and Crimson of 1898, published by the senior class of Central University, is away beyond its former efforts at typographical beauty and is indeed a gem. It is liberally illustrated with half tone cuts and in every way a valuable souvenir.

GEN. CERRO GORDO WILLIAMS, a hero of two wars, a U. S. Senator in peace and a useful man generally, is at the point of death at his home in Montgomery. He is up in the 80s and can afford to go hence in peace.

NO BATTLE YET.

ATTACK ON SANTIAGO NEARLY READY TO BE MADE.

EGYPTIANS GRANT CAMARA RIGHT TO COAL.

BEFORE SANTIAGO, June 30.—Enemy evacuated Caney, five miles from Santiago. Shafter has moved his headquarters to the field. Siege guns all landed and placed.

PORT SAID, June 30.—Camara's fleet still here. Egyptian government will allow her to coal to full capacity.

LONDON, June 30.—Salisbury's speech is interpreted as a warning to Germany that England sympathizes with America.

WAR ECHOES.

Gen. Merritt has at last left for the Philippines. He ought to have been there a month ago.

A dispatch from Chickamauga says that 25 Government paymasters have arrived with \$2,350,000 for the soldiers. "Don't swear, fight!" shouted Col. Wood when his Rough Riders received the first volley. And how they did obey orders!

Murat Halstead has started to San Francisco to go to the Philippines with Gen. Merritt's expedition in the capacity of official historian.

Gov. Bradley has appointed Sam Morrow, of Somerset, and W. H. Collier, of Lancaster, majors of the regiment under Col. Colson.

A Spanish deserter tells Gen. Shafter that 200 Spaniards were killed and 80 wounded in Friday's brush with the dismounted American cavalry.

The American troops at Santiago are not finding the climate so hostile as the Spaniards predicted. There are few cases of sickness among the men.

A soldier caught asleep on duty at Tampa was sentenced to six months in the guardhouse, and to pay \$10 of his monthly pay of \$13 each month for six months.

The flying squadron is no more. The flag of Commodore Schley has been hauled down and the squadron consolidated with the fleet of Rear Admiral Sampson.

The government has sent 17 car loads of canned tomatoes to Tampa. From there they will be taken in transports to supply troops on their way and those already in Cuba.

After Commodore Watson has left with his vessels Admiral Sampson will have 107 vessels under his command. This is exclusive of 31 vessels on the North Atlantic coast.

Capt. Allyn K. Capron, commanding Troop L, of Roosevelt's Rough Riders, killed near Seavilla, died like a hero. As he fell he said: "Don't mind me, boys; go on and fight!"

The general opinion in Spain is said to be that expressed by the Archbishop of Barcelona, that the time has come for Spain to treat directly with the United States for peace.

Capt. Gen. Augusti reports to Madrid from Manila upon his desperate situation. He has 1,000 sick and 200 wounded. Augusti reports that Gen. Aguinaldo has sent a demand for his surrender, but that he had refused.

The Senate passed the resolution extending the thanks of Congress to Naval Constructor Hobson, but with an amendment including the names of his crew. This is the first time Congress has thus recognized men below the grade of commissioned officers.

Aguinaldo, the insurgent leader, is announced from Manila officially, has called upon Capt. Gen. Augusti to surrender, but the latter refused, saying he was "resolved to maintain the sovereignty of Spain and the honor of the flag to the last extremity."

Commander McCalla, of the Marblehead, in charge of operations at Guantanamo Bay, is considering a proposition to take the town without waiting for troops, and to declare the port open and to invite the business world to resume commercial relations.

The Postoffice Department has made arrangements to send mail to the soldiers and sailors at Santiago. The post-office there will be known as Military Station No. 1, Cuba. Mail should be addressed to this station, via Tampa, Fla. Postoffice money orders can be sent there.

When the mustering in of new organizations under the second call is completed the volunteer army will include

between 8,000 and 10,000 Negro soldiers, and more Negro officers than ever before were in the service of the United States.

A commission which has arrived at Key West from the Cuban Government reports reinforcements to the number of 5,000 men marching to join Gomez. The Cuban Gen. Recios, with 1,500 men defeated 5,000 Spaniards in Puerto Principe on June 9, killing 150 of them.

Young Hamilton Fish, son of the millionaire, was one of the Rough Riders who were killed. In speaking of it his father said: "Hamilton died like a soldier, in the thick of the fight, and up with the first men. We are proud of his heroism, but his death is an awful blow to us."

Gen. Shafter has reported to the War Department that he can carry Santiago by assault in 48 hours. He came to this conclusion after a survey of the field. He will, however, not undertake the assault at once because his guns are not all in position and because his own forces are constantly gaining in strength, while the Spaniards are growing weaker.

The president has proclaimed that, in addition to the blockade of the ports specified in his proclamation of April 22, 1898, the United States of America has instituted and will maintain an effective blockade of all of the ports on the south coast of Cuba, from Cape Frances to Cape Cruz, inclusive, and also of the port of San Juan, in the island of Porto Rico.

The Spanish position at Santiago is a strong one. Admiral Cervera has sent some of his heavy guns ashore, and has placed his ships to command the valleys, by which the Americans must approach. There are three strong forts on the line of defense near the city, with intrenchments extending from north of the city to Morro Castle. In front of the intrenchments are nine barbed-wire fences, fifty yards apart.

Capt. Sigbee reports that while off San Juan, Porto Rico, he was attacked by a Spanish unprotected cruiser and the Spanish torpedo boat destroyer Terror. The Terror made a dash which was awaited by the St. Paul. The St. Paul hit the Terror three times, killing one officer and two men and wounding several others. The Terror dropped back under cover of the fortifications with difficulty and was towed into the harbor in a sinking condition where she is now being repaired.

Commodore Watson, who is to go against Spain's home coast cities, has sailed from Havana for Santiago on the protected cruiser Newark. There he will form his squadron. Besides the Newark as the flagship, the squadron will consist of the first-class battleships Iowa and Oregon, the cruisers Yosemite, Yankee and Dixie and the colliers Scandia, Abarenda and Alexander. Commodore Watson should be at Santiago now, ready to sail for Spanish waters as soon as he collects his vessels, all of which are now in the vicinity of Santiago.

LAND AND STOCK.

Georgia peaches are selling in Cincinnati at \$1.50 a crate.

W. M. Bright sold to E. P. Woods five 150-pound hogs at 3½c.

Beazley Bros. sold to Walker, of Garrard, a harness gelding for \$130. Six fine cattle were killed by one stroke of lightning in Montgomery.

John Gooch bought of various parties a bunch of yearling heifers at 3½c. A \$10,000 sarcophagus has been placed over the grave of Byron McClelland, the Lexington horseman.

Eighteen horses shipped by Bowling Green parties to Tampa for government use were killed in a wreck on route.

At the Belle Meade sale of yearlings in New York a colt by Iroquois sold for \$2,500 and a filly by the same for \$1,000.

More than \$100,000 will be distributed in stakes and purses at the two meetings this fall at Louisville and Lexington.

Owensboro parties sold 25,000 bushels of wheat in one day at 70 cents. Dealers expect it soon to drop to 50 cents per bushel.

At Nicholasville Sam and Henry Muir sold 8,000 bushels of old wheat at 70 cents, after refusing \$1.15 for it several weeks ago.

The dynamite cruiser Vesuvius is frequently described with great elaboration as a most destructive engine of war that is likely to revolutionize fighting methods. In view of all this, there are impatient people inclined to ask why she doesn't destroy more. Were we out of dynamite, too?

Cerro Gordo, the stallion which Bales & McElwaine, of Richmond, sold to New York parties a few weeks ago for \$2,500, is dead.

Diddle, Neil & Yates, stock traders of Gradyville, have 1,000 sheep that they recently purchased at an average of \$1.80.—Columbia News.

A. L. Redford bought in Allen county 400 sheep and 200 hogs. He paid 2½ cents for the sheep and from 3 to 3½ for the hogs.—Glasgow News.

J. E. Madden, of Louisville, paid \$5,000 for The Sweeper, a yearling by Imp. Massetto, at the Dixiana sale, which is going on in New York.

Chas. Martin, of Bourbon county, sold Durrett & Glover, of Louisville, 38 head of yearling mare mules at \$77.50. They were over 12 hands and all good colors.

Thirty-six car loads of horses and mules for cavalry purposes have left the Danville depot during the last few weeks. The amount paid for them is estimated at \$50,000 to \$75,000.

The Anderson News says of the wheat crop: The grain is small and somewhat shriveled. It is estimated that the crop will fall at least 25 per cent. short of what it promised to be the first of the month. In addition to this, the price has fallen to 70 cents or less, and the farmer must sell at a very low price or hold his crop and take the chances for a rise.

MARRIAGE.—Maek Bird, a widower of 28, and Miss Nannie Singleton, 20, both of the East End, were married at Rev. F. W. Allen's by that gentleman yesterday.

Wm. Hawkins, 25 years old, was shot through the heart and instantly killed by Bob Green, aged 60, in a shooting affray, in Woodford. Green was himself shot and will die.

Mr. Huffman will move to his residence on East Main Street as soon as Mr. J. R. Orndorff leaves with his family for Livingston.

THE entertainment given by Misses Linda and Emma Owsley at Walnut Flat Tuesday evening in honor of their pretty cousin, Miss Alma Lackey, of Gallatin, Tenn., was attended by 20 or more couples, who are enthusiastic in their praises both of the pleasant occasion and of Miss Lackey, whose winning manners added more friends to her already long list of admirers. The lawn was lighted with Japanese lanterns and seats were arranged beneath the many trees, where the guests divided their time with the parlor, in which dancing was enjoyed. Nice refreshments were served at the proper time, and one o'clock came all too soon for the happy crowd which took a very reluctantly leave at that hour.

CAPT. PENNY'S COMPANY MUSTERED IN AND GONE TO KNOXVILLE.

After two or three of the hardest days' work he ever did in his life, Capt. W. B. Penny succeeded in getting 76 men mustered into the U. S. service and leaving for Knoxville at 1 A. M. Wednesday. The work of making out the muster-in rolls was a long and tedious one. It was superintended by Lt. Vestal, the mustering officer, and done by Messrs. D. H. Breck, his clerk, assisted by Mr. G. L. Penny, and it required five hours to complete it, or till 10 P. M. Tuesday. While it was being done, the boys went to the Presbyterian revival in a body and at its close were treated to coffee, cake and ice cream, served by some 25 young ladies, the money for it having been raised by Rev. S. M. Rankin and they enjoyed being served by such fair hands almost as much as the refreshments themselves. At 10 o'clock, the men were ordered into line and marched to the electric light at the Myers House, where they were sworn to support the constitution and obey orders. The muster rolls were then signed, the whole requiring 14 hours. Then the band, which had furnished music at intervals all the evening, led the way to the depot, the boys boarded the train and amid cheer after cheer left for their regiment. Lt. Vestal says that the company averages away up in appearance and the surgeons say the men are the best physically that they have examined. Frank Lusk, who is to be sergeant, is, they say, the most perfect specimen of physical manhood they ever saw.

Purdy, Jr., Bert Roberts, Richard Ross, Eddie Smith, James F. Stull, Bastin M. Warren.

The following passed examination, but failed to go because of parental objection or other excuse: James H. Kennedy, Lufe Jeffries, W. B. Massey, J. W. Middleton, Don Victor Ballou, George T. Lewis, James Florence, Samuel E. Ball, Mican B. Chrisman, Everett Smiley, Ben F. Dawson.

Mr. Breck, who has much experience, says Mr. G. L. Penny rendered him the best assistance he ever had in making out the rolls. A complete description of each man has to be made, including every mark, birth or otherwise on his body, his nearest of kin to whom intelligence must be sent of his sickness or death, &c. W. S. Burch was clerk for the surgeons and was highly complimented for his correct and faithful work.

Rev. R. B. Mahony raised sufficient money to buy each of the boys, who had none, a Bible.

The men behaved splendidly while here and created a very favorable impression for themselves.

A dispatch in yesterday's papers said that the president had appointed Dr. W. B. Penny a captain in the 6th U. S. Volunteer Infantry.

John W. Walker is to be 2d lieutenant of the company. T. A. Davis, a Tennessean, who holds the medal for being the best drilled man in the State, will be 1st lieutenant.

Maj. Ballance ought to get a few points from Lt. Vestal on mustering men into the service. It only required a few hours to get Capt. Penny's men ready for business.

It is understood that James M. Sautley is to be first sergeant, and J. C. Rineheart, J. Frank Lusk, John W. Walker, R. C. Engleman, L. F. Young the other sergeants. A. E. Grimes will be one of the corporals.

The 6th Regiment of U. S. Volunteers, to which this company will be attached, is commanded by Col. Tyson, of Tennessee, and the camp that it is in four miles from Knoxville is said to be both beautiful and well designed for camp purposes. It is said that the regiment will be in Lee's command.

Rev. W. R. Gales preached to the men on the court-house square Tuesday afternoon and that night they went in

a body to his services at the Presbyterian church. And when the invitation to those who wished to give their hearts to Christ was given, 25 or 30 of them came forward. Rev. Rankin was overjoyed at the result and regards it as the grand climax of the meeting.

THE 2D KENTUCKY.

MESSRS. SAUFLEY AND WARREN DELIGHTED WITH ITS OFFICERS AND THE MEN'S GENTLE DEMEANOR.

In view of the fact that Lincoln county and several of the adjacent counties have furnished volunteers who are now at Chickamauga in the 2d Kentucky Infantry, we inquired particularly about this regiment of Messrs. Warren and Sautley, who have just returned from a visit to the National Park and obtained this interesting information: The 2d Kentucky has, according to their report, about the best camp site in the park, which is dotted with the tents of the 1st and 3rd army corps, comprising about 50,000 men. It has been assigned to the 1st Brigade, 2d Division, 3rd Corps. Each camp is laid off in perfectly straight streets running parallel with each other, and each company has its own street. The sanitation is perfect. The discipline is rigid. Order is the first law. Personal and, if it may be so termed, municipal cleanliness required.

Col. Gaither, of the 2d, is a born soldier and commander. It is conceded that his regiment ranks with the very best in the army. He exacts the most implicit obedience and it is cheerfully rendered. In all his conduct toward his officers and men, he shows both the soldier and the gentleman. His soldiers respect him and admire him and are proud of him, and he is proud of them. Maj. Helburn, of the 1st Battalion, has immediate command of the Lancaster, Lebanon, Frankfort and Middlesboro companies. He is a splendid tactician and has brought the 1st Battalion into especial regimental prominence. His previous knowledge of the art military has been of incalculable advantage to Gaither in bringing order of chaos. He personally drills his Battalion every afternoon about two hours, and its evolutions are rapidly approaching the perfection of the regulars.

Capt. Duncan, and Lieuts. Farra and Wherritt, of the Lancaster company, are cordially esteemed by their men. At 7 A. M. each day Duncan, or one of the lieutenants, drills the company until 9:30 A. M. These officers and their men are studying their lessons hard and are progressing rapidly. At present Farra is on special detail as Judge Advocate of the regiment. While he is on this duty, Wherritt puts both platoons through their separate drills, then turns them over to Duncan for company instruction. The personnel of this company has received more than one compliment from regimental headquarters.

Those who have friends in this regiment may feel assured that their rations, clothing and equipments are all that a soldier may need. The per cent of sickness is very, very small. On the word of the gentlemen who have furnished us with the points here jotted down, there is less obesity, profanity and rowdiness in camp than they have ever known in any body of men of equal numbers in military service. The regiment is one of which the whole State may be justly proud, and it it shall be its fortune to engage the enemy in Cuba or elsewhere we may confidently expect that its gallantry in the field will exceed its discipline in camp.

WENT TO JAIL UNESCORTED.—Sam Brown, a 14-year-old McKinney Negro, was fined \$6.75 in Squire W. A. Coffey's court the other day for fighting. He could not pay the amount and as the offense was not a very grievous one Constable Nunneley gave him an opportunity to get away. The boy did not take advantage of it, however, and finally told the officer that he was ready to serve out his sentence and that if he would give him the papers necessary he would come to Stanford and give himself over to Jailer DeBord. The request was such an unusual one that Mr. Nunneley granted it and a few hours later the boy was in duarce ville, having walked the distance and lost little or no time in doing so.

DIVIDENDS.—The directors of the Farmers Bank & Trust Co. declared a 3 per cent. dividend on its capital of \$200,000 and ordered \$100,000 to be placed to the credit of its stockholders under the recent vote for a reduction of the capital, subject to check.

The First National Bank made a 3 per cent. dividend, payable on demand, and carried \$320 to the surplus fund, making its present surplus fund \$17,000; paid current expenses, charged off \$1,490 bad debts, set aside \$900 to pay this year's taxes and left undivided profits of \$300, which disposed of all of its earnings.

A SOLDIER NOW.—Cabbell Woods, the 15-year-old son of Mrs. Adelia Woods, of Hustonville, left here with Dr. Penny's company Tuesday night and a telegram from Masterson Peyton at Knoxville yesterday stated that he had been mustered into service. The boy was hunted for Tuesday by a friend of Mrs. Woods, but he was too sharp and kept out of the sight of the West End people who were here. Mrs. Woods is greatly grieved over his de-
